I used Cleanup Cleaners for an End of Tenancy clean in Sept 2016 and found that they were a very professional company from start to finish.

The first contact with Sheila over the phone was helpful and gave me confidence in their ability and professionalism. The site visit was good as it showed commitment to doing the work properly and every contact I have had with either Kelvyn or Sheila has always been helpful. They were on hand to answer any questions and were quick at sending through quotes. The work itself was perfect and I cannot fault them.

We used Cleanup Cleaners for an end of tenancy clean. We had heard that the estate agent were very strict about the property receiving a professional, thorough clean. Cleanup Cleaners guaranteed that the clean would pass the end of tenancy inspection, so this gave me the confidence to book.

Kelvyn's communication before the clean was excellent, and he turned up on time. At the time of checkout with the estate agent, Kelvyn came back to catch any issues the estate agents could spot. The end result was that we got our deposit back, so we're very happy with the service provided, and would highly recommend Cleanup Cleaners for an end of tenancy clean.

Royston and his team cleaned my home. They did a superb job. When the check out took place, the cleaners attended the check out in order to be sure there would not be any issue. Royston did everything to make the process as easy as possible. Many thanks for your service. I would recommend you to my friends.

## Aran O'Doherty

A fantastic experience all round- firstly we received a very competitive quote for an end of tenancy clean of our oven and bathrooms. We had tried ourselves to clean the aforementioned and was told by our landlord that it wasn't good enough. After Clean up cleaners had been the landlord could tell that the work had been done professionally. Therefore there was no deduction in our deposits! The staff were excellent and were able to come at a very short notice and were very Accomadating! I would 100% recommend clean up cleaners to anyone who needs any work done, I know I will be using them again in the next year! and very accommodating. I am happy to recommend them...
